

Your voice matters

A meeting is soon going to be held to talk about how your family is finding fostering. This will help us to find out how you and the foster children living with you are getting on and whether you need any extra help. During this meeting, your Fosterplus social worker will record any information that you want to share with us.

How are you finding being a fostering family at the moment?

For example, the people who work here or the things we do, like visits to your house or trips out?

Do you have someone you are comfortable talking to if you are unhappy with anything to do with fostering?

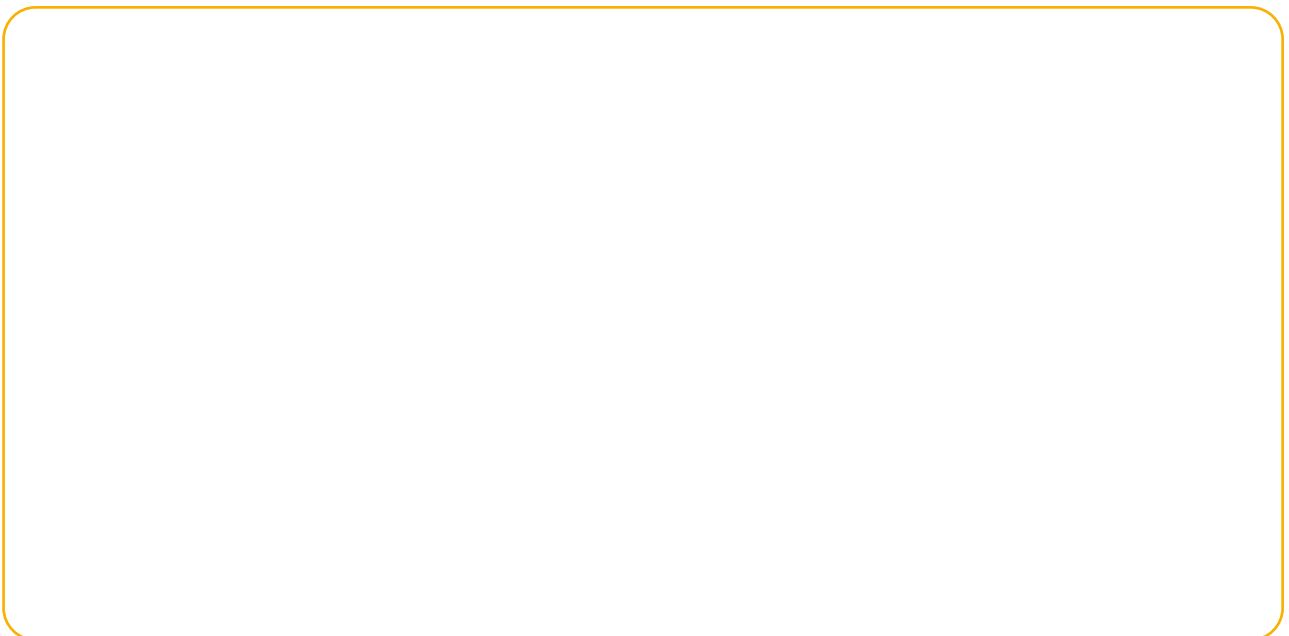

How are you getting on with the foster children that live with you?

Is there anything you are finding particularly difficult?

Is there anything that Fosterplus can do to support you better?

Is there anything else you would like to tell us?
